U. S. NAVY NEEDS MEN RESTRICTIONS REMOVED

EXEMPTION BOARD CALLS SAILORS FOR IMMEDIATE SERVICE OVERSEAS.

The local exemption board has a call from Uncle Sam for sailors. Now that the war is over we must have our own ships manned by Americans to bring the boys home. The call demands men qualified for general military service to be entrained for the navy department at San Francisco. They must have had experience as riggers, bridge or structural workers. It is desirable that they be secured as volunteers, if possible, and the board is instructed to report not later than November 23 the number of men qualified who have volunteered for this call. The services of these men are needed immediately by the navy, and the men who qualify will be assigned to overseas duty at once.

Chairman Lanterman states that the board has been instructed to proceed with the sending out of questionnaires for the 18-year class and to classify such registrants without delay.

Under the latest regulations men can be drafted for the navy as well as for the army, and the qualifications are almost identical, but it is evident from this call that the government prefers to secure its sailors by voluntary induction. Men who had hoped to get into the army, and who have been disappointed by the ending of the war, will have a chance for foreign service and travel under this call.

AN EXCELLENT SHOWING

The officers and Directors of the First National Bank and the Glendale Savings Bank, are very proud of the fact that the Combined Resources of these two Banks have passed the million dollar mark, as shown by their report on the call of November 1, 1918, and published in this issue.

These two banks are very closely affiliated in their business relations and stock ownership. They have grown with the natural, steady growth of the City of Glendale.

They have sold more than their quota of Liberty Bonds in each drive, and notwithstanding the steady war financing, have grown each month of the year.

WINTER GARDENING

SUGGESTIONS OF INTEREST TO HORTICULTURISTS BY W. G. WATSON

W. G. Watson, the nurseryman, says the war and the food shortage attendant upon it, have accomplished great good in turning the thoughts of many people, particularly the feminine part of the community, to food production. Women who have shunned the hoe and rake as standing for a menial service far beneath their dignity as American maids and matrons, now proudly don overalls and drive tractors, wield spade and hoe with satisfaction. In common with other seedsmen he sold more seeds last year than ever before, he declares.

The gardening craze, he says, has awakened interest in all horticultural lines and he looks for a considerable development of flower culture and ornamental gardening in connection with food production.

Where the average amateur falls down, in his opinion, is in not appreciating the need of fertilizers on these light soils which are lacking in humus. When cropped season after season they become exhausted. The application of a reasonable amount of fertilizer would double the yield and therefore double the returns from the labor expended.

Now that the rains have come, conditions are ideal for the sowing of winter vegetables such as beets, carrots, turnips, cabbage, cauliflower, lettuce, onions, salsify, radishes, etc. Speaking of radishes, Mr. Watson dwelt on the good qualities for winter growth of the Japanese Radish, which is large, white and tender.

Relative to the planting of trees and shrubs, Mr. Watson explained that unless they are purchased in pots and can be lifted bodily with minimum disturbance of the roots. It is better to wait for colder weather. The more nearly dormant they are, the better they transplant, and the colder the weather, the more nearly dormant. His recommendation therefore is to prepare the ground thoroughly for the reception of trees and shrubs—and that is half the battle—and then set them next month.

In discussing the market for orange trees, which he says is now looking up after a five-year period of depression, following the big freeze,

One of the first effects of peace upon business conditions has been the removal of restrictions on the use of materials employed in building construction, particularly municipal construction, and the licensing of public improvements. Under the new circular of instruction issued by the war industries board, new buildings up to \$25,000 may now be erected. Lime has been released for use as a fertilizer, irrigation projects can now go through, steel controlled by the government has been restored to automobile factories, who will soon be in a position to resume production for private trade; manufacturers of agricultural implements can likewise return to normal activity, and activity will cure the prostration that has prevailed in many industrial centers and has been felt by local contractors throughout the land.

Glendale will share in this relief from hard conditions, and her builders and contractors, who have been among the most loyal and generous of our citizens in their personal service and contributions to war funds and in the purchasing of Liberty Loan bonds, expect soon to be busy again with the various projects which have been held up by the war. The list includes Kent & Son, Peter Ferry, H. E. Betz, F. R. Sinclair and others equally well known, whose prosperity means prosperity for the town.

Under the new regulations permits or licenses from the non-war construction board will not be required hereafter on: (1) Projects approved in writing by the facilities division of the war industries board; (2) all farm and ranch buildings, structures and improvements; (3) all buildings, structures, roadways, plant facilities or other construction projects of every nature whatsoever undertaken by the United States railway administration or by any rail or water transportation company (whether or not under direction of such administration), or by the American Railway Express Company or the owner or operator of any telegraph or telephone line; (4) the construction, maintenance, improvement or development by Federal, State or municipal authorities of highways, roads, boulevards, bridges, streets, parks and playgrounds; (5) the construction, extension, improvement, maintenance or repair of any public utility, including water supply systems, sewer systems, light and water power facilities and street and interurban railways; (6) like freedom is granted with regard to irrigation and drainage projects, mines, oil production, mills and refining plants, also the construction of public buildings.

Glendale city officials state that the way is now open to carry forward various municipal projects which have been held up by the war; for instance, the improvement of East Broadway which had been carried to the point of advertising for bids. It may be that the trustees will deem it wise to defer actual construction work until after the winter rains are over.

The Sycamore Canyon improvement is another project in abeyance. The hearing on this matter was set for December. Should the verdict of citizens be favorable at the hearing, now that the ban has been removed, it would be possible to go ahead and collect the assessments levied to secure the amount needed for the purchase of the land to be taken for the thoroughfare.

Still another project that has been tentatively discussed has been the taking over of the gas distributing system as a public utility.

Protection against floods along the Verdugo Wash is still another matter of public concern. Nothing has been done in this line because the flood control bonds which were voted have not been sold. Should the financial situation clear up so the bonds could be sold, that could be carried forward. Everything is said to be ready except that about \$20,000 is required for excavating a channel and its protection from Louise Street bridge to the Pacific Avenue bridge, and that money will be available when the bonds are sold.

he said the most general practice of horticulturists is to set small, tender trees in the spring after frost danger is past because they can be bought for less money than the larger ones. In Mr. Watson's opinion the greater gain would be made in setting the larger trees now which will make a fine root development during the winter and be ready to go ahead in the spring and make double the growth during the summer that could be secured from small trees newly set.

OCCUPATION OF ALSACE-LORRAINE BEGINS

MARSHAL FOCH, PRESIDENT POINCAIRE AND PREMIER CLEMENCEAU ACCOMPANY ARMY OF OCCUPATION

(Special Service to Glendale Evening News)

PARIS, November 14.—The allied armies on the west front today started forward to occupy the territory the Germans are evacuating. Strassburg, Metz, Colmar and other towns in Alsace-Lorraine are expected to be occupied by Sunday.

The Americans are reported to be marching toward Metz and Strassburg.

Marshal Foch on behalf of the allies will take possession of those two cities in the presence of President Poincare and Premier Clemenceau of France.

A large part of the Briey iron district already has been evacuated. As rapidly as the towns are taken over in Alsace-Lorraine, French officials are supplanting the German civil administrations.

The Germans have complained officially of the hostile attitude of the inhabitants of Alsace-Lorraine as they withdraw.

RELEASE OF 50,000 MEN FROM NAVY

NEW ENGLAND AND RAINBOW ARMY DIVISIONS MAY BE SENT HOME FOR CHRISTMAS.

(Special Service to Glendale Evening News)

Washington, Nov. 14.—The Navy Department estimated today that 50,000 men will be released from the navy within a month.

It will be the policy of the Navy Department to consider favorably applications for discharge from college students who wish to resume their studies.

It was understood here today that the New England and Rainbow Divisions will be the first army organizations coming home, and both may be here by Christmas.

SAN DIEGO SUNK BY DEUTSCHLAND

NAVY DEPARTMENT SO BELIEVES, AFTER ASCERTAINING THAT DEUTSCHLAND HAD BEEN MADE INTO A MINE-LAYING SUBMARINE.

(Special Service to Glendale Evening News)

Washington, Nov. 14.—Navy Department information, it was learned today, indicates that it was the former German submarine Deutschland which was responsible for the sinking of the United States cruiser San Diego off New York several months ago.

The navy has been investigating and has found that the Deutschland had been converted into a mine-laying submarine.

INTERNATIONAL PEACE CELEBRATION

JOINT RESOLUTION TO PROVIDE FOR SUCH A CELEBRATION INTRODUCED INTO HOUSE BY REP. FESS.

(Special Service to Glendale Evening News)

Washington, Nov. 14.—Representative Fess of Ohio today introduced into the House a joint resolution inviting Marshal Foch, Generals Pershing, Haig and Diaz, and other Allied leaders, to be the guests of the United States at a monster international peace celebration to be held in Washington on the Fourth of July, 1919.

The resolution authorizes the President to name three commissioners to arrange the celebration and appropriates half a million dollars for expenses.

PRUSSIAN CROWN PROPERTY CONFISCATED

REPRESENTATIVES OF GERMAN WORKMEN'S AND SOLDIERS' COMMITTEES TO CONFER WITH THE BRITISH ADMIRALTY.

(Special Service to Glendale Evening News)

London, Nov. 14.—A Berlin wireless message today said that the Prussian government had ordered confiscated all property of the Prussian crown.

Another wireless said the warship Konigsberg had put to sea, carrying representatives of the German Workmen's and Soldiers' Committees to meet representatives of the British Admiralty.

BELGIANS VENT THEIR HATRED

FORTY KILLED OR INJURED IN BRUSSELS STREET BATTLE BETWEEN GERMAN TROOPS AND CIVILIANS.

(Special Service to Glendale Evening News)

Amsterdam, Nov. 14.—Forty persons were killed or injured in a street battle last night at Brussels between German troops and Belgian civilians.

LAST HONOR ROLL DAY

MANY MUST SUBSCRIBE TO WAR FUND TODAY TO BRING UP QUOTA

The committee which has in its charge the United War Work campaign in Glendale is not ungrateful for the much needed rain but was nevertheless glad to see the sun this morning and is hoping that every citizen who has not subscribed to the fund for the comfort and welfare of our soldiers and sailors overseas and in the home camps, will come in today—the last day for voluntary subscriptions and for a place on the honor roll. On account of the rain there was quite a falling off in the attendance, Wednesday. If Glendale's quota is to be reached, all the laggards must come forward with good subscriptions. After the splendid victories our boys have achieved which have made peace possible far sooner than the best posted military authorities predicted, we cannot afford to give grudgingly. Instead, we should show appreciation by doubling the gift. In what better way can we exhibit Thanksgiving and show our soldiers and sailors that we are not unmindful of the sacrifices they have made?

As before stated, yesterday's honor roll showed a great falling off on account of the storm. The headquarters at 336 Brand Boulevard will be open all day and it is the hope of Chairmen F. H. Vesper and Mrs. C. H. Toll and of the committee members who are assisting them that the Thursday honor roll will exceed that of every preceding day and carry Glendale far over the top.

The Wednesday honor list included the following names:

Mrs. M. Bowman, Mrs. S. K. Thomson, Mrs. E. W. Bennett, Mrs. Ora McDermith, Dr. Anna I. Joslyn, Mrs. Lily Fielding, Mrs. C. E. Boss, Mrs. J. B. Green, Mrs. A. L. Morgan, Mrs. Roy Buntin, Mr. and Mrs. J. W. West, Mr. and Mrs. G. H. Mead, F. E. Cole and family, Mr. and Mrs. Herman Paine, E. J. Phillips, C. G. Pratt, Henry Henning, W. M. Nash, R. M. Boss, J. B. Green, E. E. Keller, Frank B. Nay, A. L. Morgan, Robert Buntin, A. Van Hazelen, M. Van Hazelen, Gertrude Koverman, Margaret West, Annie Chase, May Buchanan, Helen Green, Alice Green.

Maud Erskine, W. E. Heald, John P. Lampert, M. W. Moss, Mrs. A. T. Rees, E. W. Lyon, Mrs. E. W. Lyon, Mildred Lyon, Walter Lyon, Myra N. Bartlett, F. O. Preston, Florence E. Southard, Jack Southard, Ernest A. Bode, Mrs. Calvin Whiting, Mrs. S. Houdysheil, John H. Southard, Margaret E. Burchfield, Mrs. W. Bowman.

LIBRARY NEWS.

Tuesday evening members of the library board, Messrs. McElroy, Henderson and Mrs. Bullis, met with Mrs. Danford, librarian, at the City Library on Harvard Street, and audited the bills which have accumulated.

A resolution was adopted thanking Mrs. Freeman Kelly for her splendid work for the library and expressing appreciation of her service in that connection.

Several minor matters were discussed and the Board decided to get a fumigating cupboard for the branch library. They also considered the fumigating of the libraries before the public should be admitted after the lifting of the influenza embargo.

Charles Cushing, librarian at the branch in the Tropico District, has utilized his extra time during the "flu" embargo very satisfactorily in recataloging the old books to make them conform to the Glendale system and also in cataloging all new books. The opportunity has also been improved to put in a new magazine rack, to move the reference books into the reading room and to rearrange the other books according to their classifications. The fiction is now all together in one place.

TELEPHONE PROSPECTS.

The local telephone company is very busy these days adjusting itself to the consolidation with the Home Company, which was consummated October 31. Since that date the Home office has been closed here and all the business and telephone connections have been handled from the headquarters on Brand.

Manager Deal says the present expectation of the company is to take possession of the new building about December 14. As soon as possible after that is accomplished the switching of local Home lines onto the Sunset will be put through so it will be possible to reach any subscriber over the one phone.

WEATHER FORECAST—Fair tonight and Friday.

EMERGENCY WORK

RED CROSS ISSUES AN URGENT CALL FOR NEEDLEWOMEN FOR RELIEF WORK.

Mrs. H. E. Bartlett, acting vice-chairman of the Glendale Red Cross chapter, reports the receipt of an important bulletin which should be heeded by all Glendale women. In this message, which is from the war council, it is urged that "surgical dressing work be discontinued at once in all the chapters, but that every other form of production must be continued. The demand for all production activity with the exception of surgical dressings is more imperative than at any other time since the war began.

"Chapters are urged to enlist the services of all those who in the past have devoted their time to surgical dressing work, as workers on refugee garments and in emergency calls for civilian relief.

The Red Cross commission has called national headquarters, calling attention to the unlimited need for civilian relief. Additional orders for refugee garment work at this time are all 'emergency' and should be stimulated to the utmost. One garment now will be of infinitely greater service in the saving of life than many garments will be three or four months from now."

FUNERAL OF ROBERT N. PHAIR

Funeral services will be held Friday, November 15th at 1:30 o'clock at the parlors of Seavern, Letton & Frey, over the body of Robert N. Phair, who passed away Saturday, November 9th, 1918, at his home in Glendale of pneumonia, following influenza, after but a week's illness, leaving a widow, a little daughter and infant son. They will be private and will be conducted by Rev. Coeyner, pastor of the English Lutheran Church of Los Angeles. Interment will be made in Inglewood Cemetery.

RAINFALL .51 OF AN INCH

Farmers and gardeners are rejoicing and every flower and blade of grass was smiling this morning over the rain which came just right with a preliminary drizzle to soften the ground so all would be absorbed. H. E. Bartlett of Brand Boulevard, says his rain gauge records 51-100 inches for the storm which, added to previous precipitation makes a total for the season of 1.42 inches as compared with only 36-100 inches last year at this time.

In the opinion of doctors and nurses, the rain will wash the air and clean the streets and thus hasten the lifting of the influenza ban.

WINS PROMOTION

FORMER G. U. H. S. STUDENT MAKES GOOD IN MARINE CORPS IN FRANCE

The following letter was written by W. T. Livingston better known to his Glendale High School friends as "Bill" Livingston. Bill enlisted in the Marine Corps January 15, 1918 and was sent to Mare Island for a three months training period. From there he was transferred to Miami, Florida, with the Marine Aviation corps. After training in Miami for three months he was sent to France. This letter was received by his parents, November 12.

October 17, 1918.

My Dear Mother and Dad: Wrote you a letter just the other day, but I've got another bit of news for you now, so I guess you won't object.

I was read off before the company today and was handed a piece of paper which says I'm now a sergeant instead of a private. It was an agreeable surprise to me, for I had the idea that I was to be made a corporal, and, besides, all the non-com. jobs have been filled and I had been told that there wasn't room for another one. It seems they made room, though, so here I am.

My warrant is "sergeant chauffeur," and puts me in charge of the trucks for this squadron.

The building, etc., is about finished and I'll probably be in this new job any day now.

I'm tickled to death and both of you will be, too, I know.

The good part of it all is that my whole company gave me the glad hand when I got it and say I deserve it, so I feel good over that, too. Believe me, I'll sure do my best to hold it down, too, so don't worry over that. Good night and a world of love from your son, WILL.

W. T. Livingston, Sgt. U. S. M. C., U. S. N. A. F., Foreign Service, North Bombing Group, Hdq., Det., care Postmaster, New York, N. Y.

AUTO COLLISION

The records of the police department make very tame reading these days. Nothing happens any more in Glendale. Even the burglars shun the place. In fact they seem not to be operating anywhere except in the open where they can lift harvested

crops. They are probably taking precautions against the "flu" and adopting outdoor service.

The only item on the files at police headquarters yesterday was an auto collision on San Fernando Road at its junction with Brand, when the machines of J. R. Eyman of Santa Ana and S. Kajaua, came together

about 4 o'clock Wednesday afternoon. No one was hurt.

The man who wins never waits to follow the crowd.

Poverty may be all right as a theory, but practically it is all wrong.

Beauty is a thin veil used by some women to hide their imperfections.

GLENDALE, CALIFORNIA,
THURSDAY, NOVEMBER 14, 1918

STATE PROPERTY VALUATIONS.

California's total wealth in real property is \$9,255,439,910, according to State Controller John S. Chambers, who arrived at these figures through study of the assessment rolls of the California counties. The total assessed value of the State is \$3,806,865,179, an increase in valuation of \$1,302,520,246, or 42.2 per cent, since 1911. Both actually increased values and increased rate of valuation for assessment purposes are responsible for this advance.

Chambers figured assessment values as approximately 42 per cent of actual value. While valuations have been making this increase of 46 per cent, the population of the State has increased 30 per cent and State expenditures have jumped 138 per cent. Central Poverty taxation by counties raised \$311,767,664.40, while the corporation tax department of the controller's office raised \$16,379,488.82 during the fiscal year of 1917.

You can't convince a girl that she is not in love until after she gets him.

Personals

Oma Fish of the Dodge automobile agency has been under the weather and confined to his home for the past two weeks.

Mrs. Pearl Livingston and two sons, Robert and Raymond, wife and sons of Sergeant Livingston, are spending the winter with Mr. and Mrs. J. H. Livingston of Monte Vista.

Rev. A. William Goetz, pastor of the Occult Science of Christ church, who had been seriously ill for the past three weeks, is recovering. Mrs. Goetz has also been ill, but is now well.

P. Christensen and family, who have been living at 505 Cherry street for several years, are moving to Tipton, Cal. The Christensens are excellent people and will be missed from their circle of acquaintances in this community.

Mr. and Mrs. Frank Silvius have changed their residence from Park Avenue to 356 West Colorado. Mrs. Silvius has sufficiently recovered from her severe attack of "flu" to be out again and was able to participate in a conservative fashion in the peace parade Monday.

Unless the health authorities deem it unwise, the British Ambulance Society will resume work at its headquarters, Glendale Avenue and Broadway, on Monday morning, Nov. 18. No member has occasion to ask if there will be work ready, for there is much work to do awaiting willing workers.

Mrs. Oliver Logan of the Logan store reports that affairs are as quiet in Northern Glendale as elsewhere in the community, and that all the sick people are getting well. The members of the Densmore family on Viola street are recovering, and the son of the house, who was taken to Thornycroft, was expected home yesterday, but on account of the rain his return was delayed. In the Vradenburg family eight were down at one time, but they, too, are all convalescent.

Mrs. Robert Hugh Hopkins, nee Miss Harriett Wells, who has been spending the summer at the home of her parents, Mr. and Mrs. R. H. Wells, 404 West Broadway, left Wednesday for her home at Morenci, Arizona. She will be met at Clifton by her husband and they will make the remainder of the journey by machine. Mrs. Hopkins, who had been in poor health, came to Glendale to recuperate and to escape the hot weather, and returns home fully recovered.

TRIBUTES OF REGARD.

At the funeral services over the body of A. E. Patch, which took place at the Pulliam parlors this morning, six members of the local Masonic Lodge served as pall bearers, viz: Dan Keltly, Chris Orff, G. H. Bentley, C. B. Wilde, A. W. Tower and H. M. Morton. Deceased was a member of Lancaster Lodge No. 54, of Lincoln, Nebraska.

A very beautiful floral piece displaying the Masonic emblems was sent by the Glendale Lodge and other beautiful but less formal tributes were contributed by friends of Mr. and Mrs. Patch, who had resided in Glendale for a number of years and had a large circle of acquaintances whose sympathy goes out to the widow and son.

MOTHERS HAVE KEPT BUSY

Mrs. Will Peterson, Secretary of the Mothers' Club of the Acacia School, reports that the influenza epidemic has not stopped the activities of the members of the Club. They have turned in through the Junior Red Cross, twelve pairs of pajamas, three dresses, and forty-eight petticoats.

BROKEN COLLAR BONE.

Little Jerry West, son of C. E. West of San Rafael street, had the misfortune to break his collar bone this (Thursday) morning. He was playing with older boys, who dropped him, and in the fall the accident occurred.

Parrots can learn our language, but we are too dense to learn theirs.

GLENDAL'S NEW CITY DIRECTORY.

The work of canvassing for the information for the new directory for the city of Glendale and Casa Verdugo is well under way. The co-operation of the people of these districts is earnestly solicited, and all assistance and courtesy extended to the canvassers will be greatly appreciated by the publisher. It is hoped the books will be ready for delivery on January 1, 1919. The subscription price is \$3.00 per copy if the order is given before going to press. After going to press the price will be \$4.00 per copy. These prices will be strictly adhered to and only a limited number of extra copies will be printed. This directory should have a place in every business house, every office, every school and every home in Glendale and Casa Verdugo.

GLENDAL EVENING NEWS, Publisher.

DO YOU KNOW

That it pays the owner to keep his property, whether lands or buildings, well improved. The vacant city lot that is neat and clean and entirely free from weeds and rubbish can be sold more easily than the lot that has had no care and is strewn with tin cans and all kinds of debris. Five dollars paid out to clean up a \$500 lot may easily add \$100 to the selling price and, besides, be the cause of making a quick sale.

In like manner, the valuation of buildings may be increased 25 per cent by making 10 per cent of improvements on them. To advocate paying out money to the plumber, painter, lumberman and electrician for the mere purpose of giving these gentlemen a job is not the object of this column. It is the desire of the writer to show to property owners that improvements judiciously made are real money making investments. The painter, the lumberman and other workmen are not the ones who get the lion's share of the expenditure—the landlord is the one who gets the benefit.

Place improvements to be made in reliable hands—require that good material be used. Inferior lumber and inferior paints at a lower price will be expensive in the end. Select dealers and workmen who are reliable. Honest dealers can be depended upon to give valuable suggestions. The man who knows the merits of building material will be able to assist you in selecting the stock to be used in making repairs. Deal with a reliable firm and then look to them for expert advice.

PRESBYTERIAN CHURCH

The pastor is sending out a provisional letter announcing the opening of the church next Sabbath, Nov. 17th, for all regular services. It is understood that this announcement rests upon one condition, namely: favorable action by the Board of Health. This church will, without a question abide upon the decision of the authorities. It is hoped, however, that conditions will favor the opening next Sabbath. This letter is being sent with the permission of Dr. Chase, pending definite word from the City Trustees this Thursday evening. The formal action will be published in the Glendale Evening News Friday, Nov. 15th.

HOLD YOUR LIBERTY BONDS.

There is a notion very prevalent in the United States that when the American soldiers return home they are going to feel very kindly toward the subscribers to the Liberty Loans. Liberty Bonds are incontrovertible evidence that the purchaser has supported his government, has supported our soldiers abroad in this war. Keep that evidence in your possession until the boys come home.

NOTICE

Glendale Chapter, O. E. S., will hold no meeting tonight, owing to the influenza embargo.

MISS DELLA ECHOLS,
Worthy Matron.

DR. ROY V. HOGUE, DENTIST, in the First National Bank Building, desires to announce change of telephone service, new number to be Glendale 888 (eight double eight). 39t25

Insure your property against Fire at the old rate and buy Liberty Bonds with the money you will have left. H. L. Miller Co., 109 Brand Blvd. 35t30

ARCHITECTURE'S FASHION PLATE
IS FEATURING

COLONIALS

Homebuilders desiring to build an ultra modern home are demanding a design of this charming type.

The new Colonials both in bungalow and two-story are combinations of architecture of the early Colonial period plus the many modern conveniences.

Good reason for their popularity is the fact that this distinctive style lends itself to artistic and graceful architectural expression.

Description of Design No. 330

If we were naming in place of numbering our designs we would call this the LIBERTY Home. It is the newest creation of the designer's art, a colonial bungalow incorporating every modern convenience. Five cozy rooms of ideal arrangement and with white exterior paint and green roof, with the interior finished in ivory and white enamel with oak floors, it possesses charm beyond description.

EDITOR'S NOTE: The homes illustrated here each week are selected from the designs of the Lumbermen's Service Association. Any information, floor plans or cost to build will be gladly furnished by either of the local members of this association:

LUMBERMAN'S SERVICE ASSOCIATION

THE OPEN DOOR

By W. T. Denniston

How will it be when our brave boy comes back
And greets the land he battled for, once more?
How will we look upon the gun and pack

He shouldered in our names on foreign shore?
What will we do when he lays down his arms
And lets us know he would resume the place
He left when called away by war's alarms?

Will we throw wide our doors—or turn our face?

He fought that WE might have that job to give—

That WE might have a business to enjoy—

That WE might have the wherewithal to live—

Shall WE deny those things to that brave boy?

Aye, friend, it is a little thing to do—

To give to one who gave his all for you!

OWN YOUR OWN HOME

OWN YOUR OWN HOME

**ERECT A PERMANENT MONUMENT TO VICTORY**

Words are inadequate to express the Joy and Happiness of Peace and Victory---or the DEEDS of of Glory that accomplished this end. Let us not attempt to make verbal or written expression but let DEEDS show OUR appreciation.

You, Mr. American Citizen,---in celebration of Victory and Peace,--let your expression assume proportions that will perpetuate the Freedom we have earned by erecting for yourself and family that one real symbol of Liberty---A HOME.

America has new found ideals and Home takes on a new meaning---We must build up to this new level.

With this one great task accomplished let us turn to the next important duty and in place of

"WIN THE WAR"

let us take as our National slogan

"OWN YOUR OWN HOME"
